MASONITE[®] MOLDED PANEL SERIES

Masonite®

ANNIVERSARY COLLECTION

Introducing the Masonite® Anniversary Collection

In honor of our 80th year, we are launching a special edition of our Masonite® Molded Panel Series. This new collection is truly unique. These designs provide the ultimate in wood door authenticity with all of the benefits of a composite wood product. The first two introductions are the Savannah™ High-Definition Six Panel Smooth and the beautiful Cheyenne™ Two Panel Plank Smooth.

The Savannah features our new, patented Deep Embossed Engineered Profile Technology. We have taken our patented Masonite INP sticking profile to the extreme. The panel depth has been maximized (for an 1-3/8" door). The back of the facings actually touch, creating the ultimate hollow core door. Savannah's design also includes feature lines to distinguish its architectural correctness, like stile & rail wood doors. All of these features make the Savannah the clear choice. Savannah is available in 6'8" and 8'0" heights in both passage and bifold doors. With Savannah's deep panel profile, it's only available with hollow core construction.

Our second introduction, is the Cheyenne Two Panel Plank. Cheyenne's perfect for that rustic, country or western look. Cheyenne features a new sticking profile and beautiful beaded planks. Again, we have included feature lines for stile & rail authenticity. Unlike the Savannah, Cheyenne is available with our patented, Safe 'N Sound® solid core construction. Hollow core construction is also available. Cheyenne is available in 6'8" and 8'0" heights in both passage and bifold doors.

Cheyenne™

TWO-PANEL PLANK SMOOTH

Savannah™

HIGH-DEFINITION SIX-PANEL SMOOTH

Cheyenne™

Two Panel Plank Smooth

- New, unique panel/sticking profile
- Beautiful, beaded planking design
- Feature lines to distinguish architectural correctness, like stile & rail wood doors
- 6'8" and 8'0" heights available
- Full range of passage and bifold widths
- Available with hollow core or Safe 'N Sound® solid core construction

Savannah™ High-Definition Six Panel Smooth

- High-definition panel profile
- Features Masonite's new, patented Deep Embossed Engineered Profile Technology
- Feature lines to distinguish architectural correctness, like stile & rail wood doors
- 6'8" and 8'0" heights available
- Full range of passage and bifold widths
- Due to Savannah's deep panel profile, hollow core construction only

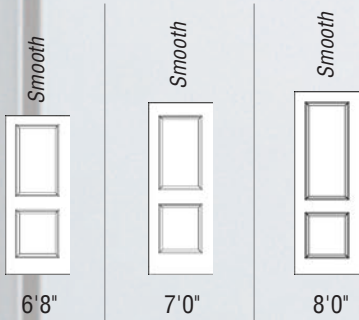

Molded Panel Doors from Masonite are more durable and resist warping, shrinking and cracking better than solid wood doors. These beautifully engineered doors are available in a smooth or textured finish with matching bifolds to suit any decor. They come in a wide range of widths and heights and are primed for easy finishing.

Best of all, no old growth timber is harvested solely for the production of Molded Panel Doors from Masonite. By-product wood chips and timber from sustainably managed forests are used by facilities with a commitment to environmental excellence in every step of the door manufacturing process.

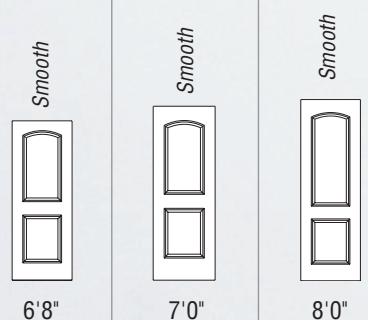

Our commitment to engineer the best products in an environmentally responsible way results in a product that is beautiful, durable and environmentally responsible.

Transforming homes as a beautiful component of the interior design process

- All designs and most sizes are available with hollow core construction
- All designs and sizes are available with solid core construction – Safe 'N Sound®
- All designs and sizes are available primed and ready for paint; 6-panel is available in a prefinished white or a choice of four prestained colors (6'8" textured only).

Satisfy the need for beauty, noise reduction, and the heft and feel of a solid wood door

- Replicates the weight of a pine stile and rail wood door
- Provides better sound-deadening properties versus conventional, flush, hollow core doors
- Solid core yields greater dimensional stability
- Enhances the beauty and value of a home
- Differentiates homes with a wide variety of panel designs

Safe 'N Sound® Solid-Core Construction

Satisfy demand for quiet homes with Safe 'N Sound® Solid-Core doors. Made with the revolutionary, patented **PREMCOR** Door Core, Safe 'N Sound doors are superior to standard hollow-core flush doors in noise reduction. The complete line of Molded Panel Doors from Masonite are available as Safe 'N Sound. These doors deliver beauty and durability at an affordable price. Choose Safe 'N Sound Solid-Core Doors for solid wood door value without the solid wood door cost.

- **Heft and Feel of Solid Wood**

Get the extra weight and hefty feel of a solid wood door with PREMCOR Door Core. PREMCOR gives Masonite Molded Panel Doors added dimensional stability and provides complete support for multiple-panel designs.

- **Easy Installation**

PREMCOR is lighter than conventional particleboard core allowing for easier handling, installation and less hinge and jamb wear.

- **Reduces Sound Transmission**

Safe 'N Sound® significantly reduces sound transmission versus a standard hollow-core flush door.

Note: 1-3/8" inoperable doors tested per ASTM E90-97 and E413-87

- **Beauty of Wood**

Primed smooth or textured wood-grain surface provides the look and feel of a solid wood panel door.

Masonite's Commitment

At Masonite, employees from all parts of the company – sales, marketing, research and development, customer service and manufacturing – understand that people love their homes. In the past, homes were purchased to meet functional needs. Today, homes are purchased to meet specific lifestyles and to satisfy the need to create multiple living environments within a single home. To meet these lifestyle needs, Masonite is continually creating new and innovative products that will make every home more beautiful, more valuable and more enjoyable. With the ultimate goal of adding beauty and value to every home, Masonite's products are designed and constructed to exacting standards and specifications. All materials – wood, fiberglass, steel or composites – are engineered and carefully selected to ensure lasting durability and timeless performance.

For individuals who are building, renovating or redecorating, Masonite products are certain to beautify and accent a wide array of architectural home styles.
